

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is an abuse of the power they have and an abuse of the trust we put in the FCC as an arm of our government.

As a taxpayer I am appalled that any corporation will be allowed to use the public airwaves free of charge to air a politically motivated film during a major election such as this one. I would feel the same if it was say for example Disney requiring all it's affiliates to air Fahrenheit 911.

Thank you for your time and consideration.
